

ST. ELIZABETH SCHOOL

Helping Students with Special Needs Go the Distance

Dear Parent/Guardian:

St. Elizabeth School has contracted with *Blackboard Connect*, a rapid notification system that allows us to contact you quickly when we have a change to the normal school day; for example, school closed, school opening late, or school closing early due to weather or an unforeseen event. We also use *Blackboard Connect* to remind you of important dates or events.

When we send out a notification, the system will send the message simultaneously to all the contact numbers below.

Thank you!
